Sir:

SUPPLEMENTAL DECLARATION

We, Frederick H. Sklar and Paul C. Hobar, declare that:

We are joint applicants in this application.

We have reviewed and understand the contents of this patent application, including the subject matter of this application as it has been amended, and in particular the subject matter of

X the invention as defined by the claims as allowed

X the invention as defined by the amendment(s) filed on or about March 25, 2005

X the invention as defined by the Examiner's Amendment dated April 20, 2005

     the attached amendment

SUPPLEMENTAL DECLARATION

-1-

B6226.1615.4370

and we confirm that said subject matter was part of our invention, was invented before we filed our original application for said invention, and that the specification, claims and drawings as amended, finally approved and allowed accurately describe what we regard to be our invention.

We each individually acknowledge the duty to disclose to the U.S. Patent Office all information known to me that is material to the patentability of any claim in accordance with Title 37, Code of Federal Regulations, §1.56, and which is material to the examination of this application, namely, information where there is a substantial likelihood that a reasonable examiner would consider it important in deciding whether to allow the application to issue as a patent.

We each jointly and severally declare further that all statements made herein on the basis of personal knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
